

NOTICE OF INTENT TO REMEDIATE

For DEP Use Only

PF # _____

Rem ID # _____

Date: 3/4/2025

NIR Status:

☐ New☒ Revised

Act 1995-2 requires four general information items to be included in the NIR: the general location, listing of contaminants, intended use of property, and proposed remediation measures. In addition, indicate the standard(s) to be obtained and attach a scaled site map (if available). Certain project amendments or changes will require submission of a revised NIR, a new public notice, and a new notification to the municipality. Changes to information marked by (**) or (††) indicate when a new NIR and new public and municipal notices are needed. DEP should also be notified of any significant changes to the initial NIR submission, including the change of future use of the property, contaminants added or removed, change of standards from site-specific to background or Statewide health, any change in the media being investigated, or change of any contact information.

(i.e., eFACTs primary facility ID#, storage tank facility ID#, water quality permit #, etc.)

Date Release Occurred (if known) January 31, 2025Date each municipality was notified of any plan or report submitted under any remediation standard
TBDPlace the newspaper name and date that your notice of your plan/report submission was published
The Intelligencer; February 20, 2025

** A change in municipality, the addition of a new municipality, or deciding to participate in the DEP/EPA One Cleanup Program requires a new NIR to be submitted with new public and municipal notifications.

Contamination, Land Usage, and Proposed Remediation Section

Provide a brief description of the site contamination, to the extent known, in plain language (e.g., fuel oil spill, historical chemical industrial area, etc.), the current and intended future use of the property in the box below.

Sampling and wellhead screening of supply wells has identified product (jet fuel) and dissolved-phase petroleum constituents. A small section of a 14-inch diameter pipeline was exposed for repairs. Soil screening conducted indicated there may be some residual soil impacts. Post excavation soil samples were collected and analysis is pending as of the date of this NIR. The current and intended future use of the property is residential.

Provide a general description of proposed remediation measures.

Proposed remediation measures include soil excavation in the area of the detected impacts, recovery of free product to the maximum extent practicable, and groundwater remediation to attain residential Statewide Health Standards.

Standards Selection Section

Check all the boxes that apply for the appropriate contaminant groups according to the standard(s) and media of the remediation to be performed.

NOTE: Either the site-specific standard or a special industrial area requires a 30-day public and municipal comment period.

Contaminant Groups	Background		Statewide Health–Residential		Statewide Health–Non-Residential		††Site-Specific Standard		††Special Industrial Area	
	Soil	GW	Soil	GW	Soil	GW	Soil	GW	Soil	GW

GW: groundwater

†† Changing the selected standard from either background or Statewide health to the site-specific standard, changing to a combination of standards that includes the site-specific standard, or choosing the special industrial area designation requires a new NIR submission with new public and municipal notifications.

Please list individual contaminants here, by environmental medium and cleanup standard (optional):

Jet Fuel and unleaded gasoline parameters (Benzene, Toluene, Ethylbenzene, Total Xylenes, methyl tert-butyl ether, isopropylbenzene, naphthalene, 1,2,4-Trimethylbenzene, 1,3,5-Trimethylbenzene, 1,2-Dichloroethane, 1,2 Dibromoethane, and Lead) for Residential Statewide Health Standards in soil and groundwater

Property Owner, Remediator/Participant, and Consultant

Complete the form below for each recipient obtaining a release of liability upon approval of the final report. Attach additional sheets as necessary.

Property Owner

Contact Person/Title Joseph Veneziale eFACTs Client ID(If Known) _____
 Phone Number 267-981-7316 Email Address _____
 Company Name NA - private resident EIN or Federal ID # _____
 Address (street, city, state, zip) 121 Glenwood Drive, Washington Crossing, PA 18977
 Client Type (choose from list below) Individual

Client Types:

Association/Organization

Authority	Limited Liability Partnership	Partnership-General
County	Municipality	Partnership-Limited
Estate/Trust	Non-Pennsylvania	Pennsylvania Corporation
Federal Agency	Government	School District
Individual	Other (Government)	Sole Proprietorship
Limited Liability company	Other (Non-Government)	State Agency

Consultant

Contact Person/Title Stephanie Grillo Email Address sgrillo@gesonline.com
 Phone Number 610-458-1077, ext 3064 Company Name Groundwater & Environmental Services, Inc.
 Address (street, city, state, zip) 410 Eagleview Blvd, Suite 110, Exton, PA 19341

Other Participant (Remediator)

Contact Person/Title Bradford Fish, P.G.
 Relationship to Site Remediator
 (e.g. remediator, participant in cleanup if other than owner, etc.)
 Phone Number 610-859-6297 Email Address BRADFORD.FISH@energytransfer.com
 Company Name Energy Tranfer EIN or Federal ID # _____
 Address (street, city, state, zip) 100 Green Street, Marcus Hook, PA 19061

Preparer of Notice of Intent to Remediate

Name Stephanie Grillo Title Project Manager
